

Lakie's Weekly Grade 6 Level Task List

Hey Gators, please find your tasks to be completed this week.

Week of: March 30-April 3, 2020

Language Arts:

Please complete ONE journal entry this week. Our short story this week is about second chances. Write about a time someone gave you a second chance OR about a time you gave someone else a second chance. See the **ASSIGNMENT** in TEAMS for more details.

Read the short story "Thank-you, Ma'am" by Langston Hughes (found in the **FILES** section on TEAMS). Complete the Short Story Assessment questions (see the **ASSIGNMENT** in TEAMS for more details). This will be considered an assessment that counts as part of your language arts grade, so it needs to be submitted in TEAMS. Feel free to use the Elements of Narratives PowerPoint (found in FILES) to help you complete this assignment.

Read for at least 10 minutes daily, please!

Optional: I am doing an optional read-aloud of the novel, *Among the Hidden*. I have been posting a YouTube link to one chapter each day - I would love for you to listen and enjoy the story!

Social Studies:

This week please continue your work booklet from April 6th-9.

SUBMIT YOUR BOOKLET in TEAMS and Mrs. Adamson and Mrs. Wehlage will provide feedback on your work. Workbooks are due on THURSDAY! We will have them back to you by the end of the day on FRIDAY so you can study. You MUST KNOW the 9 sections of the Charter of Rights and Freedoms. Monday April 27th there will be a quiz!

If you have questions about any part of the Charter please message us TEAMS or EMAIL anytime.

Math:

This week you will complete Lesson 4 and the additional practice sheet.

In FILES we have provided BOTH a powerpoint (or pdf file - use what works best for you) AND some videos (links are on the word doc) that you can use to guide you through Lesson 4.

Two worksheets will be found in ASSIGNMENTS.

AFTER you have finished the lesson 4 work, you will complete the Checking Understanding Week 4 Quiz. This quiz is not graded, however, it will be recorded in PowerSchool as to whether it has been submitted or not.

If at any time you have questions or need additional help, please send Mrs. Grant or Mr. Letasy a chat message and we are more than willing to assist you!

Lakie's Weekly Grade 6 Level Task List

Hey Gators, please find your tasks to be completed this week.

Science:

This week you will learn how about different types of fabrics. These are important to trace back to a potential criminal at a crime scene. Fiber analysis can help forensic scientists determine the type of fabric and possibly match it to a criminal. If you would like to listen to Ms. McGee read the instructions for this week here <https://www.youtube.com/watch?v=QMSLHf581Ts>

1. Complete notes. Student notes are in the ASSIGNMENTS tab and the PowerPoint is in the FILES tab.
2. Complete the fibre analysis activity. Watch Ms. McGee explain it here: <https://www.youtube.com/watch?v=b7aD0NDh67c>
3. An answer key will be posted Friday.
4. An optional activity is posted at the end of the student notes.

Additional Activities:

Please remember to check out your **Enrichment Activities** and **Lakie PE** classes on Teams for more amazing learning!

Wellness:

Hey Gators,

Check out this short animated video [here](#) about taking care of your mental health during the COVID-19 Pandemic.

It is time to get your GRIT on! It may feel tough to get motivated this week, but now more than ever, we challenge you to find your GRIT. Check out this short video on [The Power of Grit - The Motivational Minute](#) .

Stay connected, be well and reach out to us if you are in need of support. We are here for you!
